PROFILE
Lead Product Designer
9+ years of experience

Designing enterprise, fintech, healthcare and consumer products. Lead discovery, interaction design and design systems from problem definition through delivery; **built and led teams of up to 7 designers.**

EXPERIENCE
Ungrammary
Senior UX Lead
May 2024 - Present

Kotak Cloud Branch - Led product design for a platform used by 5,000+ employees and supporting 60M+ annual transactions. Unified fragmented service workflows; cut authentication clicks by 50% and representative handling time from 46 to 28 minutes.

Kotak FYN - **Led 0-to-1 design** across enterprise payments and **supply chain finance**, defining platform layout and interaction patterns for complex role-based workflows and approvals. Tested flows with users through **AI-assisted coded prototypes**.

Lead research, prototype validation and reusable interaction patterns. Designed **Companion**, an internal GenAI assistant for branch guidance.

TrueMeds - Led UX direction with two designers using research and funnel analysis, reducing checkout-stage drop-off by 10%.

Wellytics - **Led 0-to-1 design** of a consumer health platform spanning records, genomics, wearables and an AI health companion.
